About Company

Ahmed Solutions (Pvt.) Ltd., established in 1996, is a reputable and progressive engineering, construction, and industrial services company with a proven track record of successfully executing complex projects across Pakistan. Backed by decades of industry experience, the company has earned the trust of leading organizations by consistently delivering safe, reliable, and high-quality solutions tailored to the specific needs of its clients.

The company has extensive experience serving a diverse range of sectors, including Oil & Gas, Petrochemical, Power Generation, Fertilizer, and Infrastructure Development. Through a combination of technical expertise, skilled manpower, and modern project management practices, Ahmed Solutions has successfully completed numerous projects of varying scale and complexity.

Our core services include General Contracting (Civil & Mechanical Works), Equipment Manufacturing and Installation, Pipeline Construction, Steel Structure Fabrication, Industrial Maintenance, and Plant Shutdown/Turnaround Services. We remain committed to excellence in execution, strict adherence to Health, Safety & Environment (HSE) standards, and continuous improvement in all aspects of our operations.

At Ahmed Solutions, our mission is to provide innovative, cost-effective, and sustainable engineering solutions while ensuring that every project is delivered safely, on schedule, within budget, and to the highest quality standards, thereby creating long-term value for our clients and stakeholders.

CE & MD Message

It gives me great pleasure to extend my sincere regards to our valued partners, clients, and stakeholders across the world. Ahmed Solutions (Pvt.) Ltd. has grown steadily alongside the development of the construction and industrial sectors. With this growth, we have become more mature, stable, and confident in delivering high-quality services.

Khuda Bakhsh

We are committed to scientific, rapid, and sustainable development, while maintaining the highest standards of integrity, safety, and professionalism. Our focus remains on effective resource utilization, environmental protection, and long-term partnerships built on trust and mutual success.

We believe in “people first”, ensuring safety, responsibility, and continuous improvement in all our operations. Our goal is to become one of the most influential and reliable companies through strong integration, innovation, and excellence.

We look forward to a brighter future with confidence and dedication.

Vision

To become a world-class engineering and construction company recognized nationally and internationally for excellence, innovation, quality, and reliability in the civil, mechanical, and industrial sectors.

Mission

To provide high-quality, cost-effective, and reliable engineering and construction solutions through professional management, skilled manpower, advanced technology, and a strong commitment to safety, customer satisfaction, and timely project completion while contributing to the growth and prosperity of society and industry.

How We Work

Every project begins with detailed planning and understanding of client requirements. Our engineering and management teams carefully analyze project scope, technical specifications, and timelines. This allows us to develop practical, cost-effective, and efficient execution strategies from the start.

During the execution phase, our skilled workforce, engineers, and supervisors work in close coordination. We maintain strict quality control, safety standards, and continuous monitoring at every stage of work. From procurement and fabrication to installation and commissioning, every process is managed professionally.

After project completion, we ensure proper testing, inspection, and client satisfaction before final handover. Our commitment continues through maintenance support, technical assistance, and long-term professional relationships. By focusing on quality, safety, and timely delivery, we build trust and lasting partnerships with our clients.

POLICIES

Quality Policy:

- Ahmed Solutions (Pvt.) Ltd. has a strong track record of successfully managing and executing projects within defined scope, budget, quality, and safety parameters. Over the years, our management team has continuously developed and implemented effective project management and control systems to maintain strict focus on cost efficiency, schedule control, and operational excellence.
- Our goal is to establish Ahmed Solutions as a quality-driven organization in every aspect of its operations. We are committed to fulfilling customer expectations and strengthening our competitiveness through continuous improvement of our services, products, processes, and management systems while building mutual trust, confidence, and long-term professional relationships.
- Quality is an integral part of our project execution, internal operations, and environmental responsibilities. We encourage our employees through professional coaching, technical training, and active participation to contribute effectively toward achieving organizational goals. Our quality objectives are regularly defined, monitored, audited, reviewed, and continuously improved to ensure consistent performance, compliance with standards, and complete customer satisfaction

Loss Prevention Policy

- Ahmed Solutions (Pvt.) Ltd. believes that responsible health, safety, and loss prevention management are essential to the success and sustainability of the organization. We are committed to maintaining the highest standards of health and safety performance by integrating effective safety practices into all company operations, project activities, and workplace environments. Compliance with all applicable legal requirements, regulations, and industry standards remains a fundamental part of our operational framework.
- The company implements and maintains Integrated Management Systems (IMS) and technical standards to identify hazards, minimize risks, and prevent harm to people, property, and the environment. Health and safety considerations are incorporated into every stage of our activities including project planning, construction, maintenance, expansion, and operational support services. Through continuous monitoring, risk assessment, and performance evaluation, we strive to achieve continuous improvement in safety and operational excellence.
- Ahmed Solutions is committed to developing a strong safety culture by selecting qualified personnel, providing regular training, and encouraging active employee participation in health and safety initiatives. We promote open reporting of accidents, incidents, and unsafe conditions to implement corrective measures and prevent recurrence. Through leadership, teamwork, and responsible behavior, we aim to achieve superior health, safety, and loss prevention performance in all our operations.

OUR VALUABLE CLIENTS

Our Projects

**MANAGEMENT CAFE
HALL MAINTENANCE
GOTH MACHI
TOWNSHIP**

Ahmed Solutions (Pvt.) Ltd. successfully executed the Required Maintenance of the Management Café Hall at Goth Machi Township, delivering comprehensive renovation and maintenance services with a strong focus on quality, safety, and timely completion. The project involved civil, finishing, electrical, and facility improvement works to enhance the functionality, appearance, and durability of the hall. Through professional project management and skilled manpower, Ahmed Solutions completed the work to the client's satisfaction while maintaining the highest industry standards.

PAKISTAN HOUSE FFC GOTH MACHI TOWNSHIP

Pakistan House is a prestigious residential and guest facility located in the FFC Goth Machhi Township.
